SUMMARY OF THE REASONS FOR DECISION:

The untitled photographic material also known as *Item 47 Sleeve containing two negatives* has been classified as unrestricted.

The publication is a strip of photographic negative which contains two images. The images depict two small figures holding hands and looking out to sea from a beach. The figures are framed by umbrellas with awnings. The figures appear to be slightly angled to the left. The images are strong formal compositions which appear restful to the viewer.

The publication does not raise any matters of consideration under ss3(1), 3(2), and 3(3) of the Films, Videos, and Publications Classification Act 1993. As a consequence the publication is classified as unrestricted.
